

LOCAL NEWS.

FUNERAL OF THE LATE JAS. M. MASON.—The funeral of the late Mr. J. M. Mason took place yesterday evening at half-past three o'clock, from Christ Church, to which church the remains were brought from "Cherens," his late residence, escorted by the immediate family and friends of the deceased, and a large number of neighbors and acquaintances. Arrived at the eastern gate of the church grounds the procession was headed by Rev. Mr. McKim, pastor of the church, and Revs. Drs. Sparrow and Packard, and Mr. Tidball, of the Theological Seminary, and proceeded into the church, Mr. McKim reading portions of the burial service. As the cortege entered the south aisle, the choir sang the anthem taken from the 39th and 90th psalms, beginning, "Lord let me know my end," &c. The coffin having been placed directly in front of the chancel, Mr. McKim proceeded to read the Lesson, from the fifteenth chapter of the first epistle of St. Paul to the Corinthians; "Now is Christ risen from the dead," &c., and then after prayer and the hymn,

"Nearer, my God, to Thee," the corpse was re-taken to the hearse, and followed by a long line of carriages and a procession of citizens carried to Christ Church Cemetery, and interred in the lot where lie the remains of Gen. John Mason and his wife, father and mother of the deceased. The services at the grave were conducted by Dr. Sparrow and were very impressive and solemn. The pall bearers were Messrs. George Mason, Landon Mason, John M. Jamison, Captain Daniel M. Lee, Majors Henry C. Lee and Samuel M. Cooper, Thos. Rowland, and Dr. James M. Howard, all young gentlemen and near relatives of the deceased. The Church, during the services, was filled with persons, many having to stand up in the aisles and at the cemetery, there was collected a very large crowd of spectators, all of whom seemed impressed with the solemnity of the occasion, and anxious to pay their last respects to the memory of the deceased—one of Virginia's eminent sons.

FUNERAL SERMON.—A very interesting, appropriate and instructive discourse was preached yesterday morning in the Washington street M. E. Church, by the pastor, Rev. Mr. Hemmings, upon the life and character of the late Rev. Alfred Griffith. The text was taken from the eleventh chapter of Paul's epistle to the Hebrews, and part of the fourth verse: "He being dead yet speaketh." There was a large congregation, and the discourse was listened to with marked attention, the review of the life of Mr. Griffith bringing to mind some incidents familiar in the recollections of many of the congregation, and strikingly exemplifying the Christian character and eminent piety of the deceased, and his prominence as a minister in the church, running through a period of sixty-six years. The portrait drawn by the eloquent speaker, was a beautiful tribute to the worth of a well deserved character.

TYPGRAPHICAL UNION.—A meeting of the Alexandria Typographical Union was held in a room on Royal street, Saturday night. There were present: G. T. Whittington, President, and four members, one member being absent. The Secretary not having prepared the minutes of the last meeting, their reading was dispensed with. The President stated that the object of the meeting was the election of a suitable person to represent "this body" in the National Typographical Union, which assembles in Baltimore in June next, and that the candidates for that honor were himself and J. L. Lovelace. The remaining three members were then requested to prepare their ballots, after which a hat was handed round for their reception. Two out of the three deposited their votes as soon as the receiptable was presented, (one for Whittington and one for Lovelace) but the third member hesitated, and asked to be excused from voting, he having promised to support both candidates, and consequently being in some what of a dilemma, which time the eyes of the two contestants were fixed steadily upon him, when he was finally prevailed upon to vote, and grasping a piece of blank paper nervously wrote "Whittington" upon it. Tellers were then appointed, and the vote as counted, stood: Whittington 2; Lovelace 1—Whittington was accordingly announced as the choice of the Union, and after being congratulated on his success, the meeting adjourned.

BETHEL MEETING.—The regular Summer Bethel meetings, held under the auspices of the Young Men's Christian Association, were commenced at King street wharf yesterday evening. The attendance was large, and the services, which were conducted by Mr. W. U. Herbert, were of a most interesting character. In consequence of the noise created by the arrival and departure of the Washington ferry boats, the meetings in future will be held at Prince street dock.

IMPORTANT DECISION.—In the case of Knox & Bro., et al. vs. the Exchange Bank of Virginia, use of George W. Camp, the Supreme Court of the U. S. to-day rendered their decision, dismissing the writ of error. This was an appeal from the Court of Appeals of Virginia which decided that the trustee of a bank was not obliged to take the notes of a bank purchased after assignment.

FOURTH WARD REPUBLICANS.—An adjourned meeting of the Fourth Ward Republican Club will be held to-night at the colored Odd Fellows Hall on South Columbus street.

COUNTY COURT.—The May term of the County Court for this county, Judge R. H. Cockfield, presiding, commenced this morning. The report of John West, commissioner, upon the account of J. J. Wheat, executor of R. Wheat, deceased, was returned, and ordered to lie one month for exceptions.

W. E. Carter, Commissioner of Roads, returned his report which was ordered to be filed. D. M. Hunter was appointed and qualified as deputy clerk of the court.

Licenses to keep oyster houses were granted to John Corroll, at the Long Bridge, and to R. F. Arlon and to W. H. Armistead at the Aqueduct Bridge.

Swann vs. Glascock, on an agreed case; jury, and case in progress.

W. E. Carter, Commissioner of Roads, was authorized to appoint three commissioners to inspect a proposed road from the Middle Turnpike, about three miles west of Alexandria to the Aqueduct Bridge.

Foster's administrator vs. Morehead; debt and attachment; case in progress at 2 o'clock when this report closed.

REGISTRATION.—The registration books opened in the different wards on Tuesday, the 25th ult., closed on Saturday evening last with the following result:

In the 1st Ward 25 names of white and 10 of colored persons were added to the list of voters, and 16 white and 16 colored were transferred to other wards.

In the 2nd, 23 white and 15 colored were added, and 11 white and 2 colored were transferred.

In the 3d, 36 white and 36 colored were added, and 9 white and 7 colored, transferred.

In the 4th, 35 white and 62 colored were added, and 11 white and 13 colored transferred.

MAY DAY.—The young maidens who rose early this morning to have their fortunes told by breaking an egg in a tumbler of freshly drawn water at sunrise, were disappointed, for the sun was hid behind the clouds. There will be no May balls to-night as in the olden time, and no white pants were visible on the streets to-day. Indeed, though the temperature was moderate, and the trees looked green, and the flowers were in bloom, and the birds sang, the 1st of May was not what it used to be—perhaps because we are growing older.

ACCIDENT AT THE COTTON FACTORY.—On Saturday morning last the brick work supporting the boilers at the Mount Vernon Cotton Factory gave way, and the pipes connecting them breaking, the whole place was filled with steam. Considerable excitement was created among the operatives, but the fires were speedily extinguished and no further damage occasioned. Work, of course, was suspended, but will be resumed to-morrow morning.

SERIOUSLY INJURED.—Two colored men, laborers employed at the lower coal wharves, named Nelson Page and Horace Beal, cousins, had a wrestling match on the strand near the Long Wharf this morning, and the former was thrown so violently that he was rendered unconscious, and after lying for two hours where he fell, was carried in an omnibus to his home on Henry street, between Cameron and Queen, in an insensible condition.

CHEERING SIGNS.—It is a noticeable fact in the rapidly improving condition of this city that there are at present very few vacant stores compared with last year. King street now presents an almost continuous and unbroken line of open stores, which, with their varied contents and lively stir of customers, is a cheering sight. These remarks apply as well to dwellings, which are comparatively scarce and in demand.

YESTERDAY.—The weather yesterday was delightful, and the churches were all attended by large congregations. In the afternoon many persons were on the streets, large numbers of whom were from Washington, and the graveyards were crowded with visitors. The Washington ferry boats carried many passengers during the day—as many as two hundred leaving here on the 5 o'clock trip.

BUGGY SPRING BROKEN.—A young gentleman from Washington, while turning from King into Washington street yesterday evening, had the springs of his buggy smashed in crossing the gutter. It is hardly safe to drive rapidly over the middle of the streets of this city, but when the deep gutters are crossed at a rapid gait something must break.

REGISTRATION IN THE COUNTY.—The registration books in Arlington Township closed on Saturday evening last with an addition of 7 names—5 white and 2 colored. In Washington Township 4 new names were added to the books. In Jefferson Township 4 whites were added and 1 transferred to 2d Ward in this city.

ALARM OF FIRE.—The alarm of fire about seven o'clock on Saturday evening last, which, however, did not bring out any of the Fire Department, was caused by the burning of the chimney of the three story brick house of Mrs. Ladd, on Water street, between Queen and Princess streets. No loss was sustained.

SUNDAY EXCURSIONS.—The steamer Lady of the Lake made her regular Sunday excursion trip down the Potomac yesterday evening. The tug boat Atlantic, Capt. Joe Denty, with a party of Alexandrians on board, made a trip to one of the fishing shores on the river yesterday.

LADIES' FESTIVAL.—The ladies of the Methodist Protestant church will open a festival at German's new building to-night. They have been preparing for the event for some time past, and as all their arrangements are perfect, an agreeable evening may be expected by all who anticipate being present.

NO MEETING.—In consequence of the absence of a quorum the meeting of the stockholders of the Alexandria Canal Company, advertised to take place to-day, was adjourned until the 10th inst., at 12 o'clock at the Chamber of the Board of Aldermen.

WORK COMMENCED.—The contractors for building the six new houses for the German Co-operative building association, at the northeast corner of the intersection of Cameron and Columbus streets, commenced work this morning.

MARRIAGES AND DEEDS.—Ten marriage licenses—6 white and 4 colored—were issued from, and 22 deeds recorded in the Clerk's Office of the Corporation Court, of this city, during the month of April.

THE PRESBYTERIAN MISSION SUNDAY SCHOOL.—The school is held at the Corn Exchange, and any one having benches for sale will apply to Mr. H. C. Slaymaker.

THE PENNSYLVANIA.—The new steam sailing boat Pennsylvania, built here for Mr. Naglee, the machinery of which was condemned by Government Inspectors, left to-day for Washington.

HAIL STORM.—The country from Annapolis to Warrenton was visited by a hail storm on Friday evening last.

RESIGNATION.—Police officer William Clapdore has resigned his position.

MAYOR'S OFFICE.—Hugh McCann, Joseph McCuskey, John McCuskey and John Masters, canal boatmen, for disorderly conduct near Fish town, were fined and discharged.

NIGHT REPORT.—Night clear and temperature seasonable. Four prisoners and one lodge were at the station house. A dog, supposed to be mad, was shot on Wolfe street near Fairfax by Policeman Nightingill, and a dead dog was found lying in the main entrance to the market house.

In the active pursuits of pleasure or gain, the inestimable blessing of health is too often forgotten, until disease is firmly seated, and the fact only realized by great bodily and mental suffering. The liver is the vulnerable point in most persons, and the disarrangement of that organ involves almost the whole system; hence the reason why under liver disease there is enumerated such a number of affections, and we claim the Simmons' Liver Regulator to be a remedy for them all.

SCHNEIDER'S EXCHANGE.—Schneider's Exchange, adjoining the City Hotel, lately kept by Mr. George Steuermagel, is now a popular restaurant. Mr. Schneider, when he returned from Europe a short time since, brought with him a large stock of foreign wines and liquors, and his stock and lager beer and ale can not be excelled.

PARIS, April 30—Sunday Evening.—Yesterday witnessed a grand scene at the Champs Elysees on the departure of the Freemasons on their visit to St. Thiers.

A vast crowd was collected when fire was suddenly opened upon them scattering the people widely. The Freemasons, undeterred advanced and planted 120 flags, a flag for every lodge represented on the ramparts. At six o'clock they received the Versailles outposts bearing a banner with the inscription "Amiens makes no terms." They were blindfolded and sent back with the exception of the President and two delegates. Their mission was unsuccessful.

At 10 o'clock this morning Dowbrowski warned the Versailles that hostilities might commence hourly.

Forty thousand men are now ready for fighting in the Champs de Mars.

During the funeral services of John F. Dickinson, a well known sporting man, at Williamsburg, yesterday, the Rev. Mr. Johnson officiated and alluded in severe terms to the life of the deceased, upon which Dickinson's sister appeared and in an excited manner commanded Mr. Johnson to stop his remarks, as they were altogether unbecomingly and inappropriate. The affair created a great sensation in the church. Mr. Johnson apologized and sat down.

An attempt was made about 2 o'clock Sunday morning by a party of Moran & Co's employees to cut loose from their pier in East River the ship Wm. Tapscott, concerning which the firm an litigation with Peacock & Co. The U. SPECIAL NOTICES.

Preventive Medication.—A radical change has been introduced in the practice of Physicians have ceased to torture and prostrate their patients. Instead of pulling down, they build up; instead of assaulting nature, they assist her. Cupping, leeching, blistering, venesection, colic, antimony, stupefying narcotics and rasping purgatives, once the favorite resources of the faculty, and now rarely resorted to even by the most dogmatic members of the profession. The old creed was that disease was something which must be expelled by violent artificial means, irrespective of the wear and tear of the vital organization in the process. The new creed recognizes the improvement of the general health as essential to the cure of all local ailments. Hence it is that Hostetter's Stomach Bitters, the most potent vegetable tonic that pharmacy has ever brought to the assistance of nature in her struggles with disease, has been cordially approved by practitioners of the modern school. It is pleasant to reflect that reason and philosophy have at last been victorious over the errors of the past, and that thousands, and tens of thousands, of human beings are alive and well to-day who would undoubtedly be mouldering in their graves, had they been subjected to the pains and penalties which were deemed orthodox and indispensable thirty or forty years ago.

Preventive medication was scarcely thought of then; but now it is considered of paramount importance, and the celebrity of the standard invigorant, alterative and restorative of the age, (a title which Hostetter's Bitters have fairly earned by the long career of success,) is mainly due to its efficiency as a protective preparation.

A course of the Bitters is urgently recommended as a safe and certain antidote to intermittent and remittent fevers, diarrhoea, dysentery and other maladies.

To Lovers of good biscuits, rolls, pastry, &c., we can cheerfully recommend "Pooley's Yeast Powder" as being the only reliable, convenient to use, but the cheapest in the end, of any Baking Powder offered to the public. Its popularity is daily increasing, and the never-failing results following its use will long make it the leading article of the kind in market.

Hostetter's Bitters should be without it, as it produces light, elegant and nutritious food with little or no trouble. For sale in packages to suit customers, by all grocers. **DONLEY & BROTHER**, Proprietors, New York. my 1-c-1w

ELEGANT HAIR adds a charm to the plainest face, but when faded, features before agreeable lose their comeliness, and the whole expression is that of advancing age. This being a fact, it is not surprising that even injurious articles should have been prepared to supply the millions who wish to avoid premature decay. Under these circumstances it will generally be wondered that NATTAN'S CRYSTAL DISCOVERY should have met with such extraordinary success.

It is the only preparation furnishing a safe and reliable restorer for the hair; absolutely free from all poisonous and deleterious matters, and without sediment, and thousands above thousands have availed themselves of it, not simply because it restores the color of the hair, but because it supplies nourishment.
